DEPARTMENT OF STATISTICS, INDIA.

CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road, and sea, of the Calcutta block* in certain selected articles during the three months, April to June, 1921, as compared with the corresponding period of 1920 and 1919. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

General Summary.

Imports.—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road, and sea (coastwise) during the three months, April to June, 1921, amounted to 4,239,000 maunds, as against 2,713,000 maunds in the corresponding period of the preceding year,—an increase of 1,526,000 maunds or 56 per cent, being chiefly due to larger imports of rice from Burma. There was a slight decrease in the imports of coal and coke (29,952,000 maunds as against 30,814,000 maunds last year). The value of the imports by rail, river, road, and sea (coastwise) of Indian cotton piecegoods showed a decrease of 19 per cent, the total value amounting to Rs. 1.95 lakhs as against Rs. 2.42 lakhs in 1920. The quantity of indigo imported during the three months, April to June, 1921, decreased from 3,007 maunds last year to 118 maunds. The imports of raw jute amounted to 521,000 bales as against 1,044,000 bales,—a decrease of 523,000 bales or 50 per cent. The importations of gunny bags also showed a decrease to 67 million bags from 133 millions in the preceding year. The total imports of oilseeds (linseed and rape and mustard seed) decreased by 814,000 maunds or 31 per cent, from 2,566,000 maunds to 1,752,000 maunds and those of sugar decreased by 69,000 maunds or 27 per cent from 254,000 maunds to 185,000 maunds. The imports of tea, however, increased from 251,000 maunds to 325,000 maunds or by 74,000 maunds or 30 per cent.

Exports.—The value of the exports of cotton piecegoods, foreign, from Calcutta* by all routes during the three months, April to June, 1921, decreased by 20 per cent from Rs. 6.56 lakhs to Rs. 5.23 lakhs. The exports of gunny bags (including the exports by sea to foreign countries) decreased from 343 million bags to 244 millions but the shipments of gunny bags to other Indian ports increased from 13 to 17 millions in number in the period under review. The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) increased from 1,367,000 maunds to 1,449,000 maunds or by 82,000 maunds or 6 per cent.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.

† One maund of paddy is equivalent to 25 seers of rice.

TABLE I

RESOLUTION ON THE CONSTITUTION OF A CONCILIATION PANEL TO DEAL WITH LABOUR DISPUTES AFFECTING PUBLIC UTILITY SERVICES.

GOVERNMENT OF BENGAL.

COMMERCE DEPARTMENT.

Commerce.

CALCUTTA, THE 29TH AUGUST 1921.

RESOLUTION—No. 3268Com.

THE Committee on Industrial Unrest in Bengal, while agreeing that the best and most satisfactory method of settling disputes between employers

and workmen is for the parties directly concerned to come to an agreement among themselves, recognised that there will always be a certain number of cases of acute disagreement in which the employers will resort to a lock-out or the employees to a strike rather than give way. The Committee recommended the adoption of measures of conciliation in such cases, distinguishing between disputes in public utility services which directly affect the comfort and convenience of the public and ordinary labour disputes in which the public are not, as a rule, directly concerned. The Committee remarked that the occurrence of disputes affecting the working of public utility services invariably gives rise to insistent demands on the part of the public for the intervention of Government or some outside authority. They pointed out the grave objections which exist to the direct intervention of Government in such matters and proceeded to observe:—

“What is required is some machinery which can be brought into operation without the necessity of invoking the direct intervention of Government. We suggest the formation of a conciliation board or panel, consisting of about twenty members, to be appointed by Government and to include a due proportion of all classes of the community, both European and Indian, and representatives of both capital and labour. Care should be taken to appoint only men of the highest character and reputation, who would be regarded by public opinion as fully competent to investigate impartially any question which was referred to them. In the case of any dispute arising in a public utility service which was likely to cause or had actually caused a strike or lock-out, a conciliation court consisting of a small number of members, entirely unconnected with the dispute, would be chosen from the panel and asked to go into the merits of the dispute in consultation with the parties and to give their finding. Once such a conciliation board had been established one or other of the parties to an industrial dispute could safely be trusted to apply for the creation of a conciliation court to deal with it, but, in the event of either or both parties proving unwilling to submit themselves to the arbitrament of the conciliation court, public opinion would in the great majority of cases compel them without undue delay to lay their case before the court. We would, therefore, leave it to Government to establish a conciliation court for the decision of a dispute affecting a public utility service, either on the application of one or both parties or of its own motion. There should ordinarily be no difficulty in getting the parties to agree to the members of the panel who should be selected to form the court, and it would ordinarily be preferable that the court should be constituted in accordance with the joint wishes of the parties; but if there was any difficulty on this point, Government could select the members to serve on the Court. Government might also appoint an official chairman for the court in the event of the parties preferring a Government officer to act in this capacity rather than a member of the panel, who would all be non-officials, but such appointment should only be made after consultation with the other members of the court. Farther than this, however, Government should not go. Its functions should be confined to setting up the court, and in performing this function it should as far as possible secure the consent of both parties. But having constituted the court, Government should stand aside and leave the court to investigate the dispute and promulgate its findings, which would, of course, not be finally decided upon until both parties had had a full opportunity of representing their views and objections. The court would have no legal power to enforce its findings, but here again we would leave it to public opinion to induce the parties to come to terms. Great weight would undoubtedly attach to the findings of a thoroughly competent and impartial court in matters of this kind, and neither party to the dispute would be able lightly to disregard its recommendations.”

2. The Governor in Council agrees with the committee that there is no reason why voluntary conciliation boards, wisely constituted, should not achieve a large measure of success in labour disputes affecting public utility services where the parties have come to a dead-lock and a solution of the dispute can only be found in the intervention of outsiders. A conciliation board recently appointed by Government to deal with a strike on certain light railways succeeded not merely in settling the specific points at issue, but also in inducing the parties to take steps for the prevention of future strikes by setting up a joint works committee which will deal with differences between employers and employed directly they arise. His Excellency in Council has no doubt as to the possibilities of success in other cases of this kind, and he considers that the time has come to put the system of conciliation boards for public utility services on a permanent basis. After consultation with representative associations and others, he has

decided to appoint the following gentlemen to be members of the first conciliation panel :—

The Hon'ble Sir Alexander Murray, C.B.E.	Mr. C. F. Hooper.
Rai Chuni Lal Bose Bahadur, I.S.O.	Mr. Byomkesh Chakravarti, Bar-at-Law.
Sir Ashutosh Chaudhuri, M.L.C.	Mr. Krishna Chandra Ray Chaudhuri, M.L.C.
Mr. R. M. Watson Smyth, M.L.C.	Babu Hem Chandra Bhattacharyya, M.L.C.
Mr. C. W. Rhodes, C.B.E., M.L.A.	Mr. Nishit Chandra Sen, Bar-at-Law.
Mr. D. P. Mackenzie, M.L.C.	Mr. A. K. Fazlul Haq, M.L.C.
Mr. A. Cochran, C.B.E., M.L.C.	Dr. Hussain Suhrawardy, M.L.C.
Mr. Krishna Kumar Mitter.	Mr. Syed Nasim Ali, M.L.C.
Mr. N. C. Sircar, M.L.A.	Babu Nitya Dhon Mukharji, M.L.C.
Mr. N. M. Chaudhuri	Mr. H. Barton, M.L.C.
Rai Onkar Mull Jatia Bahadur, O.B.E.	Mr. E. Jones.
Babu Ghanasyam Das Birla, M.L.C.	Sheikh Mahbub Ali, M.L.C.
Babu Jadu Nath Roy.	Mr. Tarit Bhusan Roy, M.L.C.
„ Sarat Chandra Bose.	Dr. Sarat Chandra Bysack, M.A., D.L.
„ Jatindra Nath Ghosh.	
Mr. W. J. Bradshaw, C.I.E.	

In order that the panel may be kept up to date, it will be constituted annually and the gentlemen now appointed will hold office till the 31st August 1922.

3. The panel is intended to deal only with disputes affecting public utility services in Calcutta and its neighbourhood; the services of members of the panel will be invoked only on the occasion of such disputes, and nothing further will be expected of them. In the settlement of ordinary labour disputes not directly affecting the public, the element of public opinion is absent, and different considerations arise. It is not ordinarily the duty of Government to intervene in such disputes either directly or indirectly, but if both parties express a desire that their differences should be investigated by an impartial authority, the Governor in Council will be prepared to establish a special conciliation board to deal with the matter, or to take such other action as may be suitable in the circumstances of the case.

ORDER.—Ordered that a copies be forwarded to the members for information.

By order of the Governor in Council,

A. MARR,

Secretary to the Government of Bengal.

**WATER-SUPPLY OF MUNICIPALITIES ON THE EAST BANK
OF THE RIVER HOOGHLY.**

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

Local Self-Government.

CALCUTTA, THE 25TH AUGUST 1921.

RESOLUTION—No. 3945L.S.-G.

In pursuance of a resolution passed by a conference of representatives of the municipalities on the east bank of the Hooghly, which was held on 23rd August 1921, the Government of Bengal (Ministry of Local Self-Government) are pleased to appoint the following committee to enquire into and to report upon the question of providing a water supply for those municipalities. The report should be submitted to Government by 1st March 1922 :—

Mr. G. B. Williams, Chief Engineer, Public Health Department.	} <i>Members.</i>
Babu Surendra Nath Roy, M.L.C., Chairman, South Suburban Municipality.	
Rai Kripanath Dutt Bahadur, Chairman, Cossipore-Chitpur Municipality.	
Babu Bhavataran Marik, Chairman, North Barraekpore Municipality.	
Mr. W. Cuthbert, Chairman, Baranagore Municipality	
Mr. J. A. Murray, Chairman, Garden Reach Municipality.	
Babu Upendra Nath Banerji, Chairman, North Dum-Dum Municipality.	
Babu Chuni Lal Banerji, Vice-Chairman, Kamarhati Municipality.	
Mr. S. N. Ghosh, Executive Engineer, Public Health Department.	<i>Secretary.</i>

By order of the Government of Bengal

(Ministry of Local Self-Government),

L. S. S. O'MALLEY,

Secretary to the Government of Bengal.

**APPOINTMENT OF A COMMITTEE TO CONSIDER THE
QUESTION OF RESTORATION AND DEVELOPMENT OF
THE TIBBI OR UNANI SYSTEM OF TREATMENT.**

(Ministry of Local Self-Government),

L. S. S. O'MALLEY,
Secretary to the Government of Bengal.

REPORT ON THE ADMINISTRATION OF THE SALT DEPARTMENT IN BENGAL DURING THE YEAR 1920-21.

NOTIFICATION.

No. 2174 S.R.—The 29th August 1921.—The following extracts from the report of the Commissioner of Excise and Salt, Bengal, on the administration of the Salt Department in the Presidency of Bengal during the year 1920-21 are published for general information.

A. MARR,
Secretary to the Government of Bengal.

No. 2651 E., dated Calcutta, the 29th June 1921.

From—S. C. MUKERJEE, ESQ., I.C.S., Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Government of Bengal, Financial Department.

I HAVE the honour to submit the following consolidated report on the administration of the Salt Department for the year 1920-21. The report deals with the preventive operations in the saliferous districts of the Presidency, which were under the control of the Commissioner of Excise and Salt, and with the importation and issue of salt under the control of the Customs authorities.

2. Charge of the Department.—I was in charge of the Department throughout the year.

CHAPTER I.

3. Credit system of payment of duty.—The Collector of Customs, Calcutta, reports that securities to the extent of Rs. 95,46,400 were deposited during the year as compared with Rs. 76,33,025 in 1919-20. The amount of duty debited during the year under the system was Rs. 1,25,87,227 against Rs. 1,09,48,287 in the previous year. There were 67 depositors during the year against 59 in 1919-20, three of whom closed their accounts, leaving a balance of 64.

4. Salt golas at Sulkea and Chittagong.—During the year under review extensive repairs to the gangways and pontoons at Sulkea were taken in hand and the work is still in progress. Several 2 and 20 maunds salt tubs were purchased locally to replace defective and worn out ones. Owing to the abnormal rush of import of salt into Calcutta five temporary *kutchra golas* had to be erected for the storing of 3,60,000 maunds of salt. A heavy indent was made on the Director-General of Stores, India Office, for scales and Boyd's Automatic Counters, but the articles were not supplied during the year. In spite of the steady increase of imports into the port of Chittagong no difficulty was experienced in accommodating the salt owing to the large sales effected and prompt delivery granted *ex-golas*. The removal of the Sadarghat *golas* to Moheshkhal was not undertaken as no funds were allotted for the project during the year.

5. Consumption of duty-free salt for commercial purposes.—The quantity of salt delivered free of duty for commercial purposes, or on which a drawback was subsequently allowed for the same reason, amounted to 7,786 maunds as compared with 7,918 maunds in 1919-20.

6. Manufacture of salt in Bengal.—No factory has yet been started at Samudrapur in the Contai subdivision of the Midnapore district for the manufacture of salt, as explained in paragraph 6 of last year's report.

CHAPTER II.

Stocks, Imports and Clearances.

7. **Accounts of stocks and issues.**—The stocks, imports and clearances of salt in and from the ports of Calcutta and Chittagong for the years 1919-20 and 1920-21 are shown below :—

Stocks, imports, etc.	1919-20. Mds.	1920-21. Mds.
Total of all stocks at the commencement of the year	13,84,159	13,61,048
Total quantity imported during the year	(a) 1,12,61,895	1,60,71,248
Excess found in the <i>golas</i>	2,381	4,427
Total	1,26,48,435	1,74,36,723
Quantity of duty-paid salt actually issued during the year	1,08,11,746	1,23,42,749
Quantity which passed free of duty for the manufacture of glazed stoneware, etc.	7,918	7,786
Quantity of non-duty-paid salt removed under bond to all inland warehouses	(a) 3,78,670	4,25,496
Quantity written off during the year for wastage or otherwise	89,053	(c) 72,164
Total	1,12,87,387	1,28,48,195
Balance at the close of the year	(b) 13,61,048	(d) 45,88,528

(a) Includes 60,000 maunds of salt transferred from Calcutta to Chittagong.

(b) Includes 1,620 maunds in transit on 31st March 1920.

(c) Includes 4,235 maunds lost in transit through sinking of boats and leakage.

(d) Includes 51,600 maunds stored in private warehouse at Ramkrishnapur and 21,200 maunds in transit on 31st March 1921.

Both the import and clearance figures show considerable increase.

8. **Imports.**—

The total imports to Calcutta and Chittagong increased by 34·4 per cent. and 191·5 per cent., respectively. There was a large increase in all qualities of salt imported to Calcutta with the exception of Port Said salt in which there was a slight decrease. The appendix shows import of salt from Tunis and the re-introduction of salt from Germany after five years. In the port of Chittagong, imports from Aden rose from 4,30,522 maunds to 10,20,878 maunds, those from Spain from 81,866 maunds to 1,26,272 maunds, and those from Port Said from 69,774 maunds to 5,94,080 maunds. There were no imports from the United Kingdom and Massawah except table salt in bottles and packets. The large increase was due to the increased tonnage during the year. The total quantity imported, viz., 17,41,238 maunds, constitutes a record, the previous largest quantity having been 17,26,122 maunds in 1915-16.

Out of the total importation of 1,43,30,010 maunds into the port of Calcutta, 96,95,663 maunds or 61 per cent. were bonded in the *Sulkea golas* as compared with a percentage of 73 in the previous year. The Collector of Customs Calcutta, reports that the importations and quantities bonded and balance in bond were the largest during the past five years though the percentage bonded was less.

9. **Sales of imported salt from shipboard and bond.**—

In Calcutta the sales direct from shipboard show an increase by 62·9 per cent. and those from bond a decrease by 7·9 per cent. In Chittagong the sales direct from shipboard and bond increased by 10·2 per cent. and 63·2 per cent., respectively. Large contracts made by the bonders with

the suppliers which the latter were not able to fulfil in the previous year for want of tonnage, were completed during the year. The increased quantity of salt thus available, coupled with the generous credits allowed to wholesale purchasers and the fall in the price of the commodity, account for the rise in the sales. There was an increase of 13·8 per cent. in the total sales of imported salt. All the vessels carrying salt to Calcutta were steamers, the number (129) of which established a record in the history of the port.

10. **Transactions in the *golas*.**—The total transactions at the *golas* in Calcutta and Chittagong for the past five years are given below :—

YEARS.				Calcutta.	Chittagong.
				Mds.	Mds.
1916-17	1,45,87,255	15,24,260
1917-18	1,36,05,327	13,64,536
1918-19	1,42,66,818	20,70,799
1919-20	1,52,78,108	13,10,126
1920-21	1,65,04,658	29,79,335
*	*	*	*	*	*

12. **Inland bonded warehouses.**—There were 8 private bonded warehouses in this Presidency as compared with 6 in the previous year, viz., 2 at Narainganj (Dacca), 1 at Bhairab (Mymensingh), 1 at Madaripur (Faridpur), 2 at Jhalakati (Bakarganj) and 2 at Chandpur (Tippera). Three *golas*, viz., 1 at Narainganj, 1 at Bhairab and 1 at Madaripur were subsequently closed. Thus at the close of the year, there remained only 5 *golas*, viz., 1 at Narainganj, 2 at Jhalakati and 2 at Chandpur. The quantity of salt despatched to the above 8 inland warehouses from shipboard and *golas* in the ports of Calcutta and Chittagong was 3,94,192 maunds, as compared with 2,96,270 maunds in 1919-20, showing an increase by 33·0 per cent. There was an increase of 8,904 maunds or 39·7 per cent. in the quantity of salt despatched to the bonded warehouses in other Provinces, the quantities despatched in the year being 23,104 maunds to Chandbally in Bihar and Orissa and 8,200 maunds to Ajmiriganj in Assam, as compared with 8,000 maunds and 14,400 maunds, respectively, in the previous year.

CHAPTER III.

Consumption and Prices.

15. **Consumption.**—The total quantity of salt which passed into consumption in this Presidency during the year 1920-21 was 84,46,396 maunds. This is exclusive of 44,31,188 maunds, the net export by rail, road or river, but inclusive of 7,786 maunds issued free of duty for commercial purposes.

16. **Prices of salt in Bengal generally.**— There was a decrease of 7 annas 3 pies in the average as compared with the previous year. It is reported that the market prices of salt fell on an average by Rs. 50 per 100 maunds, the price of Kurkutch salt being about Rs. 5 lower than that of crushed salt. The average wholesale price per 100 maunds of Liverpool salt was Rs. 130-0-7 as compared with Rs. 172-2-5 in the previous year.

By Government Notification No. 3146 Com. of the 16th August 1920, the maximum prices at which salt may be sold for delivery at the Sulkea and Chittagong *golas* were fixed at the following rates per 100 maunds :—

				Ex-golas.	
				Sulkea.	Chittagong.
				Rs.	Rs.
Liverpool	158	168
Spanish	153	163
Tunis	153	163
Hamburg	153	163
Port Said	150	160
Massowah	150	160
Aden Fine	150	160
Indo-Aden	149	159

At the same time the maximum retail price of salt was fixed at 1 anna 6 pies per seer in all places in the Presidency and Burdwan Divisions and 1 anna 9 pies per seer in all places in the Dacca, Chittagong and Rajshahi Divisions, with the exception of the Chittagong Hill Tracts, where the maximum retail price was fixed at 2 annas per seer, and of the Sadar, Kalimpong and Kurseong subdivisions of the district of Darjeeling, where the maximum retail price was fixed at 2 annas 3 pies per seer.

The restriction about prices was withdrawn with effect from the 1st December 1920 by Government Notification No. 4128-Com. of the 22nd November 1920.

CHAPTER V.

Financial Results.

19. Receipts and charges.—

The receipts show an increase by Rs. 1,50,766 or 1·08 per cent., and the charges by Rs. 75,792 or 21·5 per cent. The net revenue was Rs. 1,35,82,042 which was larger than that of the previous year by Rs. 74,974 or 0·5 per cent. The increase in the receipts occurred mainly under the heads "Import duty on Salt" and "Rents of warehouses". The charges do not include any share of cost of the Customs Preventive Service, which is largely employed in safeguarding the salt revenue. As the Salt Preventive Department under my control has been amalgamated with the Excise Department, the whole expenditure of the two departments is debited to the head "6—Excise" in the first instance, a fixed sum of two lakhs being subsequently adjusted under "3—Salt".

CHAPTER VI.

Miscellaneous.

20. **Saltpetre refineries and Soda factories.**—As in the previous year there were five licensed saltpetre refineries at Manicktola, Sulkea, Kakurgachi, Bahirsura and Baranagar, respectively. No license was issued in 1920-21 for the manufacture of sulphate of soda.

The quantity of refined saltpetre produced during the year was 9,587 maunds as compared with 6,984 maunds in the previous year. The quantity of salt educed in the process of refinement was 780 maunds as compared with 275 maunds in 1919-20 and the quantity of *sitta* (impure salt) left in the course of refinement was 366 maunds against 126 maunds in the previous year. There was no sale of educed salt during the year, as compared with 202 maunds sold in 1919-20, the duty realized in that year being Rs. 252-11. As in the preceding year, the license fees realized from the saltpetre refineries amounted to Rs. 250.

DISTRESS IN THE DISTRICT OF KHULNA.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue.

Calcutta, the 24th August 1921.

PRESS COMMUNIQUE.

THE Hon'ble Member in charge of the Revenue and Irrigation Departments has just returned from a tour in the district of Khulna. As the public have been watching with interest the situation at Khulna, the Government of Bengal think it desirable to publish the conclusions arrived at by the Hon'ble Member and the arrangements made by him to alleviate the distress prevailing in parts of the district.

There can be no doubt that owing to the cyclone of 1919 and unfavourable conditions in 1920 there has been a partial failure of crops in *beels* and large water-logged areas where saline water has got in and ruined the cultivation, and that in some of the villages within the affected area extreme poverty prevails among the poorer population who have got no stock of food-grain and who, partly through being unaccustomed to manual labour other than the work of cultivation, and partly owing to the geographical difficulties of the district, cannot earn a living by earth-work or other kinds of labour.

There is not the slightest doubt that in almost every centre visited by the Hon'ble Member the need of cloth for the suffering population, particularly among the womenfolk, is very great.

In the centres visited by the Hon'ble Member he came across a certain number of ill-nourished people at Boalia and Laskar within the Paikgacha thana, and the condition of the people in and around the villages of Pratapnagar within the thana of Katiganj was certainly bad. But he was glad to observe that, whilst it cannot be denied that there is need and much need for food and cloth, in no single place did he come across any who could be described as suffering from starvation. This is due to the fact that various relief centres have been started in time, and valuable work is being done by the organisers of these relief committees. At Paikgacha the Hon'ble Member found that the Bama Mission from Hooghly were about to start work. At Boalia, Banka, Srikantapur, Pratapnagar and Assasuni, he met representatives of the various relief committees, and he was particularly struck with the excellent work being done by a band of young men at Pratapnagar under the supervision of Brahmachari Benode of Bajitpur Asram of Faridpur. The position, however, in many of these affected parts is that, whilst a portion of the cultivated area is likely again to suffer this year from the ill effects of the inrush of saline water, there are fairly large tracts where there is a distinct promise of good crops. For these reasons it seemed to the Hon'ble Member doubtful whether Government would be justified in making a formal declaration of scarcity under the Famine Code. On returning to Khulna on the evening of the 22nd he held a conference at which, besides himself and the District Officer, the following gentlemen were present:—

- (1) Rai Amrita Lal Raha Bahadur, Chairman, District Board, Khulna.
- (2) Babu Jatindra Nath Ghose, Vice-Chairman, District Board, Khulna.
- (3) „ Kunja Behari Mukherji (Vakil, Khulna), Secretary to the District Relief Committee.
- (4) „ Jyotish Chandra Ghose, B.L. (Vakil, Khulna), Joint-Secretary and Treasurer, District Relief Committee.
- (5) „ Provash Chandra Chatterji, Chairman, Sadar Local Board.
- (6) „ Kunja Behari Ghose, B.A., representing Sir P. C. Roy's Seva Asram, Calcutta Branch.
- (7) Brahmachari Benode of Bajitpur Asram, Faridpur.
- (8) Babu Naba Gopal Chaki, Subdivisional Officer, Khulna.

It was unanimously agreed at this conference that in the present situation a declaration of any area under the Famine Code by Government would mean setting up an elaborate machinery not commensurate with the present state of distress. It was also agreed that until the prospects of this year's crops can be gauged with accuracy, the most useful form of help which Government can give is to supplement by grants the funds of existing relief committee organisations. The conference was of opinion that, at least until November next, this would be not only the most economical course to pursue, but would also be more welcome to the public than any declaration of scarcity on the part of Government.

The Hon'ble Member agrees with the conference, but in arranging for funds from Government must stipulate that a part of the funds given by Government shall be ear-marked for the distribution of cloth and for better arrangements for medical relief, which is at present inadequate. The funds will be distributed at the discretion of the District Officer, who will submit to Government, through the Commissioner, reports showing the distribution made by him. The District Magistrate is already in touch with the various relief committees and will, therefore, be able to act as a co-ordinating authority so far as the distribution of Government funds is concerned. The Government of Bengal propose to take immediate action on these lines and to place such sums at the disposal of the District Officer as may be required to supplement the commendable efforts of the District Board, the District Relief Committee, Sir P. C. Roy's Seva Asram, the Ramkrishna Mission and others. It should, however, be made clear that, in the opinion of Government, the present situation in Khulna district does not demand that charitable organisation should be replaced by the rigid administration of the Famine Code. Whilst therefore appreciating the good that charitable committees are already doing in the way of alleviating the wants of the needy in the affected areas, the Government of Bengal hope that they will redouble their efforts and that these efforts will receive the generous support of the public.

W. S. HOPKYNs,

Secretary to the Government of Bengal (offg).

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 24th August 1921.

Summary.—During the week seasonable rain fell throughout the Province. Transplantation of winter paddy is in full swing; the progress of the operation, so far made, is generally satisfactory. Prospects are likely to be much improved if the present state of weather continues. Harvesting of autumn crops is well advanced in East and North Bengal. The average price of common rice for the Province has fallen by about 0·20 per cent. as compared with that of the previous week.

Serial No.	District and subdivision.	Rainfall.	PRICE OF COMMON RICE IN SEERs PER RUPEE.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
1	24-PARGANAS	Inches. 3·78	4½	4½	Transplantation of <i>aman</i> paddy is going on. Harvesting of jute has commenced. Effects of weather on the standing crops are good. Fodder and water sufficient.
	Diamond Harbour.	10·36	5½	5½	
	Barrackpore	2·94	5	5	
	Barasat ...	(n)	(n)	(n)	
	Basirhat ...	3·26	5½	5½	
2	NADIA ...	1·82	5½	5½	Weather cloudy and occasionally rainy. Transplantation of winter paddy and harvesting of <i>aus</i> continue. Prospects of jute are fair. Harvesting of jute has commenced only in the Kushtia subdivision. Effects of weather on the growth of jute are tolerable. Some damage to the crop done by insects are reported from the Meherpur subdivision.
	Kushtia ...	1·68	5	5	
	Meherpur ...	3·23	6½	6½	
	Chuadanga ...	3·78	6½	6½	
	Ranaghat ...	1·62	5	5	
3	MURSHIDABAD	2·18	5½	5½	Weather condition is fair for jute. Prospects of standing crops are good. Transplantation of <i>aman</i> paddy and harvesting of <i>aus</i> paddy continue. No damage is reported. Harvesting of jute has commenced at some places. Fodder is sufficient. No large import and export of rice.
	Lalbagh ...	3·22	5½	5½	
	Jangipur ...	5·57	5½	5½	
	Kandi ...	3·56	5½	5½	
4	JESSORE ...	2·18	7½	7½	Weather seasonable. Harvesting of <i>aus</i> paddy continues. Effects of weather are favourable for the growth of the jute crop. Condition and prospects are fair. Harvesting and steeping continue. No damage to jute is reported. Export of paddy is reported from Bongaon subdivision. Fodder and water are sufficient.
	Jhenidah ...	3·14	7½	7½	
	Magura ...	3·11	6½	6½	
	Narail ...	2·55	6½	7	
	Bongaon ...	3·99	6½	6	
5	KHULNA ...	3·99	7	7	Transplantation of winter paddy is in progress. Effects of weather on the growth of jute crop are favourable. Condition and prospects are fair. No damage is reported. Harvesting has begun. Cattle-disease is reported from the Kaliganj police-station. Water is sufficient. Relief works are likely to be necessary between cultivation and harvesting of <i>aman</i> paddy, but at present the district is too flooded for outdoor works.
	Satkhira ...	4·07	6½	6½	
	Bagerhat ...	3·15	7	7

APPOINTMENT OF A COMMITTEE TO ENQUIRE INTO AND REPORT ON THE FACTS OF THE INCIDENTS AT MOHANGANJ HAT IN CONNECTION WITH THE ESCAPE OF PRISONERS FROM THE RAJSHAHI JAIL.

GOVERNMENT OF BENGAL.

POLICE DEPARTMENT.

CALCUTTA, THE 31ST AUGUST 1921.

RESOLUTION—No. 2810Pl.

THE Governor in Council has had under consideration the action to be taken on the following resolution which was carried at the meeting of the Bengal Legislative Council held on the 14th July 1921 :—

“This Council recommends to the Government that an inquiry be made by a committee of officials and non-officials into the unfortunate incidents at Mohanganj Hat, in connection with the escape of prisoners from the Rajshahi Jail.”

The attitude taken by Government in the Legislative Council was that the facts of the affair had already been adequately ascertained and that there was no need of further investigation. That view, however, did not commend itself to the Council. His Excellency in Council has therefore decided to appoint a committee consisting of the undermentioned official and non-official gentlemen to enquire into and report on the facts of the particular incident mentioned :—

Mr. D. H. Lees, I.C.S., Commissioner of the Rajshahi Division, <i>President</i> .	
Rai Mrityunjay Ray Chaudhuri Bahadur	} <i>Members.</i>
Maulvi Yaquinuddin Ahmad, M.L.C.	

ORDER.—Ordered that a copy of the resolution be forwarded to the President and each member of the committee for information.

Ordered also that the resolution be published in the *Calcutta Gazette* for general information.

By order of the Governor in Council,

J. DONALD,

Chief Secretary
to the Government of Bengal (offg.).

Statement of weekly gaugo readings on the rivers Ganges and Brahmaputra at Goalundo for the week ending 27th August 1921.

N.B.—The gauge readings commenced from the 1st August 1887.

BOALLIA,
The 27th August 1921.

JADAB CH. GHOSH,
for Executive Engineer, Rajshahi Division.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 31st August 1921.

Summary.—The rainfall during the week was generally moderate to heavy throughout the Province. Transplantation of winter paddy is progressing briskly. The prospects are generally hopeful. Harvesting of autumn paddy is nearly completed and that of jute is much advanced in the North and East Bengal; elsewhere the operations are progressing satisfactorily. The average price of common rice for the Province has risen by about 0·4 per cent. as compared with that of the previous week.

Serial No.	District and subdivision.	Rain fall.	PRICE OF COMMON RICE IN SEERS PER RUPEE.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
		Inches.			
1	24-PARGANAS	5·35	4½	4½	Harvesting of jute and transplantation of <i>aman</i> paddy are going on. Effects of weather on the standing crops are good. Fodder and water sufficient.
	Diamond Harbour.	1·52	5½	5½	
	Barrackpore	10·29	5	5	
	Barasat ...	6·55	5	(n)	
	Basirhat ...	5·94	6	5½	
2	NADIA ...	5·04	5½	5½	Weather cloudy. Recent heavy rainfall has done good to standing crops. The river is rising. Transplantation of winter paddy continues. Prospects of jute are fair. Harvesting of jute and <i>aus</i> paddy continues. Insects are damaging jute in Meherpur subdivision.
	Kushtia ...	1·90	5	5	
	Meherpur ...	5·87	6½	6½	
	Chuadanga ...	10·53	6½	6½	
	Ranaghat ...	7·03	5	5	
3	MURSHIDABAD	5·41	5	5½	Prospects of standing crops are good except in lowlying tracts which have been somewhat affected by flood. Transplantation of <i>aman</i> paddy is almost completed and harvesting of <i>aus</i> paddy continues. Prospects of jute are good. Effects of weather on jute are favourable. No damage is reported. Harvesting of jute continues. Fodder is sufficient. No large import and export of rice.
	Lalbagh ...	3·80	5½	5½	
	Jangipur ...	0·90	5½	5½	
	Kandi ...	1·73	5½	5½	
4	JESSORE ...	1·58	7½	7½	Weather seasonable. Harvesting of <i>aus</i> paddy is going on. Effects of weather are favourable for the growth of the jute crop. Condition and prospects are fair. Harvesting and steeping continue. Damage to jute by insect-pest is reported from Bongaon subdivision. Export of paddy is reported from Bongaon and Jhenidah subdivisions. Fodder and water are sufficient.
	Jhenidah ...	6·24	7½	7½	
	Magura ...	4·10	6½	6½	
	Narail ...	1·06	6½	6½	
	Bongaon ...	5·00	6½	6½	
5	KHULNA ...	4·84	6½	7	Transplantation of winter paddy continues.—Effects of weather on the growth of jute crop are favourable. Condition and prospects are fair. Damage to jute crop is reported from Assasuni thana and Pratapnagore. Harvesting has begun. Cattle-disease is reported from thana Kaliganj. Water is sufficient. Relief works are likely to be necessary between cultivation and harvesting of <i>aman</i> paddy, but at present the district is too flooded for outdoor works.
	Satkhiria ...	4·28	6½	6½	
	Bagerhat ...	6·04	7	7

6	BURDWAN ...	9.48	5	5	Weather cloudy. Heavy rainfall has facilitated the agricultural operations. Transplantation of winter paddy is nearing completion. Condition of jute is fair. Some damage to standing crops is reported to have been caused in Katwa subdivision by flood in the Adjai river.
	Asansol ...	4.74	5	5	
	Katwa ...	2.81	5½	5½	
	Kalna ...	7.10	4½	5½	
7	BIRBHUM ...	3.56	5	5½	Transplantation of winter paddy seedlings continues. Fodder is dear. Water is sufficient.
	Rampurhat...	7.79	5	5	
8	BANKURA ...	2.77	5½	5½	Transplantation of winter paddy is completed. Export of rice and paddy is going on on a small scale.
	Vishnupur ...	2.62	5½	5	
9	MIDNAPORE	4.26	5½	5½	Transplantation of winter paddy is nearing completion. Harvesting of jute continues and its condition is fair. Prospects are favourable to the standing crops. Fodder is sufficient.
	Ghatal ...	3.99	5½	5½	
	Tamluk ...	2.50	5½	5½	
	Contai ...	2.02	5½	5½	
10	HOOGHLY ...	6.88	5	5	Effects of weather on the growth of the crops are favourable. The condition and prospects of jute are fair. No damage is reported. Harvesting of jute continues. Fodder is sufficient.
	Serampore ...	9.17	4½	4½	
	Arambagh ...	1.69	5½	5½	
11	HOWRAH ..	4.20	5	5	Weather cloudy. Condition and prospects of jute are good. Harvesting has begun. Transplantation of winter paddy is completed.
	Uluberia ...	1.79	5	5	
12	RAJSHAHI (RAMPUR-BOALIA).	6.30	6	6	Prospects of standing crops are fair. Harvesting and steeping of jute are going on; the effects of weather are favourable. Fodder and water are sufficient.
	Naogaon ...	6.49	5½	5½	
	Nator ...	6.00	5½ ₁₆	5½ ₁₆	
13	DINAJPUR ...	1.99	6	5½	Harvesting of <i>bhadoi</i> paddy and jute and transplantation of winter paddy are still going on. Fodder and water are sufficient.
	Thakurgaon	3.60	6	6	
	Balurghat ...	5.14	6	6	
14	JALPAIGURI	4.35	5½	5½	Condition and prospects of winter paddy are favourable. Harvesting of jute is going on. Outturn of <i>bhadoi</i> paddy is fair. The prospects of jute are poor.
	Alipur ...	4.17	5	5	

Serial No.	District and subdivision.	Rainfall.	PRICE OF COMMON RICE, IN SEERS, PER RUPEE.		Character of the weather, condition of crops, etc.
			This week.	Previous week.	
1	2	3	4	5	6
		Inches.			
15	DARJEELING	5.62	4½	4½	Maize is being harvested. <i>Marua</i> is progressing well. Condition of jute is not good; the effects of weather are not favourable. Cattle disease is prevalent at places. Fodder and water are sufficient.
	Kurseong ...	6.79	5	4½	
	Siliguri ...	5.16	4½	4½	
	Kalimpong...	2.52	4½	4½	
16	RANGPUR ...	1.20	5½	5½	Weather very hot. Transplantation of winter paddy is progressing slowly. Harvesting of <i>aus</i> paddy is finished. The prospects of jute are fair. Steeping and washing of jute are in progress. More rain is urgently needed for the transplantation of winter paddy and steeping of jute. Price of rice is stationary. Fodder is sufficient.
	Nilphamari	2.22	6	6	
	Kurigram ...	3.97	6½	5½	
	Gaibandha ...	2.20	7½	7½	
17	BOGRA ...	5.19	5½	5½	Harvesting of <i>aus</i> paddy, steeping of jute and transplantation of winter paddy continues. Condition and prospects of jute are fair. More rain is wanted.
18	PABNA ...	2.73	5½	5½	Prospects of jute and <i>aman</i> paddy are good. Harvesting of jute continues and that of <i>aus</i> paddy has been finished. Transplanting of winter paddy continues. Fodder is sufficient.
	Sirajganj ...	6.69	6½	6½	
19	MALDA ...	2.22	5	5	Weather hot and cloudy. Condition and prospects of jute are good. Weather is favourable to the growth. Transplantation of winter paddy and harvesting of jute and <i>bhadoi</i> paddy continue. Some damage has been caused to jute by flood in parts of the district. Fodder and water are sufficient.
20	COOCH BEHAR	2.90	5½	5½	Weather hot and cloudy. Rearing of tobacco seeds in nurseries has commenced in places. Reaping and steeping of jute are continuing in Sadar and Tufanganj also. Prospects and conditions of <i>haimanti</i> paddy are favourable but those of jute not good. Fodder is sufficient. Cattle disease is prevalent in the interior.
21	DACCA ...	3.63	6½	6½	Seasonable rain fell this week throughout the district facilitating the steeping of jute and transplantation of winter paddy. Harvesting of autumn paddy is nearly completed but that of jute still goes on. Rice market is steady. Fodder is sufficient.
	Manikganj...	4.32	7	7	
	Narayanganj	9.29	7	7	
	Munshiganj (a)	3.23	7½	7½	
22	MYMENSINGH	5.90	5½	5½	Weather hot and cloudy with occasional showers. Transplantation of winter paddy is going on. Condition of jute is fair; no damage is reported. Weather is favourable to the growth of the crops. About three-fourths of the jute crop has been harvested. Fodder and water are sufficient.
	Jalalpur ...	5.79	6½	6½	
	Tangail ...	2.09	5½	(n)	
	Netrakona ...	6.73	6½	6½	
	Kishorganj...	6.91	5½	5½	

(a) Munshiganj being very near to Dacca and Narayanganj, its rainfall statistics are not quoted. To give information regarding the northern part of the district, rainfall figures for Kapasia thana are reported here.

(n) Not reported.

GRANT OF MEDICAL CERTIFICATES TO NON-GAZETTED OFFICERS OF GOVERNMENT.

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

Medical.

CALCUTTA, THE 8TH SEPTEMBER 1921.

RESOLUTION—No. 2556Medl.

READ—

Government of Bengal Resolution No. 1716Medl., dated the 17th April 1916.

In modification of the orders contained in paragraph 2 of the Resolution cited above, the Government of Bengal (Ministry of Local Self-Government) direct that medical certificates granted to non-gazetted officers of Government, by registered medical practitioners whose names are borne on the "Annual

Medical List" published under section 32 of the Bengal Medical Act, 1914, shall be accepted without the countersignature of Civil or Presidency Surgeons as the case may be. If, however, the authority concerned has reasons to doubt the genuineness or veracity of any such certificate, he may direct the officer applying for leave, etc., to appear before the Civil Surgeon or Presidency Surgeon as the case may be for examination, and may deal with the case on the report of the latter. If in any case the certificate previously granted by a registered medical practitioner is found to be false, the fact should be reported to the Bengal Council of Medical Registration.

ORDER—Ordered that a copy of this Resolution be forwarded to all heads of departments for information and communication to officers subordinate to them.

Ordered also that a copy of this Resolution be forwarded to all departments of this Government for information.

Ordered also that a copy of this Resolution be submitted to the Government of India, Education Department, for information.

Ordered also that this resolution be published in the *Calcutta Gazette* for general information.

By order of the Government of Bengal

(Ministry of Local Self-Government),

L. S. S. O'MALLEY,

Secretary to the Government of Bengal.

SUPPLEMENT TO THE CALCUTTA GAZETTE, SEPT. 14, 1921. 1877

M. E. RAHMAN,
Assistant Collector of Customs for Imports.

CALCUTTA CUSTOM HOUSE, the 7th August 1921.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 7th September 1921.

Summary.—During the week under report the rainfall throughout the province was generally light to moderate. Transplantation of winter paddy is well advanced; weeding is in progress. Harvesting of autumn paddy and jute is progressing satisfactorily in the West Bengal districts; elsewhere the operation is nearing completion. Prospects of standing crops are generally favourable. The average price of common rice for the province has slightly fallen as compared with that of the previous week.

APPOINTMENT OF POLICE RETRENCHMENT COMMITTEE.

GOVERNMENT OF BENGAL.

POLICE DEPARTMENT.

CALCUTTA, THE 9TH SEPTEMBER 1921.

RESOLUTION—No. 2994Pl.

On the 5th July a resolution was passed in the Bengal Legislative Council to the following effect :—

" This Council recommends to the Government that a committee consisting of nine members, six of whom are to be elected from, and by, the non-official members of this Council, in accordance with the principle of proportionate representation by means of

the single transferable vote, as laid down on page 204 of the Council Manual, be immediately appointed to inquire into and report on the administration of the police in Bengal, in such manner as the Government may direct, with special reference to the following :—
Whether any change in the existing system of the police administration effecting a reduction of expenses without impairing its efficiency is possible."

The Local Government expressed their willingness to hold such an enquiry, within the limits explained on their behalf in Council, and the following members were subsequently elected by the Legislative Council for the purpose :—

1. Kumar Shib Shekareswar Ray.
2. Maulvi Ekramul Haq.
3. Mr. H. S. Suhrawardy.
4. Babu Indu Bhusan Datta.
5. Rai Mohendra Chandra Mitra Bahadur.
6. Maulvi Muhammad Rafiquddin Khan.

As the three nominated members the Governor in Council has selected—

1. Mr. H. E. Spry, C.B.E., I.C.S.
2. „ T. C. Simpson, Deputy Inspector-General of Police.
3. „ F. A. Larmour.

The Governor in Council has also decided to appoint Mr. F. C. French C.S.I., I.C.S., M.L.C., Member, Board of Revenue, Bengal, as the President of the Committee.

ORDER.—Ordered that a copy of the Resolution be forwarded to the President and each member of the Committee for information.

Ordered also that the resolution be published in the *Calcutta Gazette* for general information.

By order of the Governor in Council,

J. DONALD,

Chief Secretary
to the Government of Bengal (offg.).

RESOLUTION ON THE ANNUAL REPORTS OF THE VETERINARY COLLEGE AND OF THE CIVIL VETERINARY DEPARTMENT, BENGAL, FOR THE YEAR 1920-21.

GOVERNMENT OF BENGAL.

DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

Veterinary.

CALCUTTA, THE 19TH SEPTEMBER 1921.

RESOLUTION—No. 3473Vety.

Minister in charge: The Hon'ble Nawab Salyid Nawab Ali Chaudhuri, Khan Bahadur, C.I.E.

READ—

The Annual Reports of the Veterinary College and of the Civil Veterinary Department, Bengal, for the year 1920-21.

COLONEL SMITH, Principal, Bengal Veterinary College, held charge of the college throughout the year except from 1st July to 30th September 1920 when he was on furlough. During this period Mr. P. J. Kerr, who was temporarily appointed as second Imperial officer, was in charge of the college. Mr. A. D. MacGregor held charge of the office of the Superintendent, Civil Veterinary Department, from the beginning of the year till the 22nd November 1920, when he went on combined leave for eight months, and Mr. P. J. Kerr remained in charge of the office of the Superintendent till the end of the year except for a period of 27 days, when he went on combined leave, and Colonel Smith held charge of the department in addition to his own duties as Principal of the college. A second Deputy Superintendent for the department was sanctioned during the year for the Eastern Bengal divisions, with headquarters at Dacca. This appointment will, it is hoped, materially improve the work of the department in the eastern portions of the province.

2. The number of students at the Bengal Veterinary College at the end of the session was 127, of which number 53 belonged to Bengal, 45 to Bihar and Orissa, and the rest to other provinces. Owing to a large number of students leaving the college, there was a fall in the number of students as compared with the preceding year's figure, which was 158. During the year 24 students graduated from the college, of whom four belonged to Bengal. All the new graduates have been employed as veterinary assistants.

3. The report of the Civil Veterinary Department shows a marked increase in the mortality of animals from contagious diseases during the year, the total number of deaths reported being 19,344 as against 14,898 in the previous year. The increase is due to severe outbreaks of rinderpest in several districts of this presidency, this disease being responsible for 17,425 deaths as compared with 12,178 deaths in the previous year. The Superintendent, Civil Veterinary Department, reports that with the increasing attention given to details, and greater facilities for ascertaining and reporting outbreaks, many more cases now come to light than in past years. In all 539 outbreaks of rinderpest, hæmorrhagic septicæmia, and anthrax took place, and 86,354 animals were inoculated as against 537 and 84,896 respectively of the previous year. It is satisfactory to note that the death-rate amongst the inoculated animals was small, being only 1·06 per cent. for the whole province.

Leaflets dealing with the prevention and treatment of cattle diseases were freely distributed as usual. The Government (Ministry of Agriculture and Public Works) notice with satisfaction that in the work of inoculation very little opposition is now met with in the advanced districts of the province and that the beneficial result of the practice of inoculation is gradually overcoming the prejudices of the people.

4. During the year under report the itinerant veterinary assistants visited 12,756 villages and treated 69,584 animals as against 12,831 villages and 58,761 animals in the previous year.

5. In Calcutta and its suburbs all the stables and cattle-sheds were frequently inspected. Glanders was detected in 23 stables only, against 30 in the previous year. In the mufassal only three animals either succumbed to the malady or were destroyed under the provisions of the Glanders and Farcy Act.

6. The number of stud bulls kept by Government and local bodies increased from 124 in the previous year to 132 in the year under report. Of these 65 are the property of local bodies.

7. Two new dispensaries were established during the year, thus bringing the total number of institutions to 37, whilst it is satisfactory to note that the establishment of more dispensaries are under contemplation. The number of patients treated at these dispensaries was 41,074 as against 44,747 in the previous year. The decrease is reported to be due partly to a smaller number of animals being treated at the Sodepur Pinjrapole and partly to certain dispensaries remaining closed on account of the absence on leave of the veterinary assistants when no substitutes were available.

8. During the year under report the administrative control of the Civil Veterinary Department was transferred from the Director of Agriculture to the Principal, Bengal Veterinary College, he being the senior veterinary officer in the province, and he was made the head of the Civil Veterinary Department with the designation "Veterinary Adviser to the Government of Bengal." During the year revised scales of pay were sanctioned both for the Imperial and Provincial Veterinary Services.

9. The work of the Deputy Superintendents, Civil Veterinary Department, Veterinary Inspectors and the staff of the Bengal Veterinary College was satisfactory. The Government (Ministry of Agriculture and Public Works) have much pleasure in acknowledging the valuable services of Colonel Smith and in recording their appreciation of the work done by Messrs. P. J. Kerr and A. D. MacGregor.

By order of the Government of Bengal
(Ministry of Agriculture and Public Works),

J. A. L. SWAN,
Secretary to the Government of Bengal.

RECONSTITUTION OF THE HAJ COMMITTEE, CALCUTTA.

GOVERNMENT OF BENGAL.

LOCAL SELF-GOVERNMENT DEPARTMENT.

Public Health.

CALCUTTA, THE 15TH SEPTEMBER 1921.

RESOLUTION—No. 3030P.H.

THE Government of Bengal (Ministry of Local Self-Government) are pleased to appoint the following members of the Haj Committee in Calcutta in place of the committee constituted under Government order No. 156T.-San., dated the 13th July 1917. In doing so, the Government of Bengal (Ministry of Local Self-Government) desire to thank the former committee for their services :—

Secretary to the Government of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FIRST QUARTER OF THE YEAR 1921-22.

GOVERNMENT OF BENGAL.

FINANCIAL DEPARTMENT.

Separate Revenue Branch (Salt).

No. 2408S.R.

Dated Calcutta, the 10th September 1921.

THE following report on the state of the salt market for the first quarter of the year 1921-22, comprising the months of April, May and June 1921, in the Presidency of Bengal, is published for general information.

2. The quantity of salt of every description cleared during the quarter amounted to 4,239,545 maunds (including 3,469,796 maunds issued under the credit system), as compared with 2,558,815 maunds (including 1,762,315 maunds issued under the credit system) in the previous quarter and 3,186,199 maunds (including 2,497,061 maunds issued under the credit system) in the corresponding quarter of the previous year. The net amount of duty levied was Rs. 56,96,200 (including Rs. 46,88,988 adjusted under the credit system), as against Rs. 27,06,504 (including Rs. 24,21,104 adjusted under the credit system) in the previous quarter, and Rs. 38,78,916 (including Rs. 31,65,311 adjusted under the credit system) in the corresponding quarter of the previous year.

3. The subjoined Table I shows in detail the importations into the Port of Calcutta and the total clearances of sea-imported salt during the quarter, compared with the figures of the corresponding quarters of the two previous years:—

* Inclusive of 3,469,796 maunds of salt issued under the credit system

Compared with the corresponding quarter of the previous year and the same quarter of 1919-20, importations were less by 50.9 and 18.7 per cent., and clearances were more by 36.2 and 127.6 per cent., respectively. As compared with the corresponding period of the previous year, the decreased imports from the United Kingdom, Spain and Aden, increased import from Bombay and the renewal of imports from Hamburg and Bremen are noticeable.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter as compared with the preceding four quarters:—

Table II.
